Profile

A software engineer with five years of experience specializing in full-stack development for long-term SAAS products using Angular and C#. A history of working with a small team in a Scrum environment to deliver sizable quarterly updates, prompt hotfixes, and maintain rigorous automated testing.

Professional Experience

Software Engineer (Full-time)
Validatar LLC (formerly part of Teknion Data Solutions), Irving, TX *Nov. 2020 - Aug. 2026*

Worked as a full-time full-stack developer of Validatar, a .Net SAAS data quality web application featuring Snowflake and AWS integration. Was chosen to continue working as part of the Validatar development team when Validatar LLC spun out from Teknion Data Solutions as its own company in April 2022. Validatar has a global user base with partners and customers across 8 countries and over $1 million in ARR.

- Helped develop and maintain a client codebase deployed as both server and cloud environments; also helped develop and maintain a centralized administrative codebase that connected with the client codebase via API endpoints
- Wrote product update scripts in both SQL Server and PostgreSQL
- Experience in creating, modifying, and testing new product pages and functionality; writing migration scripts; and writing custom tools for use with MCP and AI integration for Claude, OpenAI and AWS Bedrock
- Experience with using Claude Code MCP codebase integration to troubleshoot, draft, and review code
- Gave feedback during team meetings that helped facilitate Validatar becoming SOC 2 and ISO 42001 certified

Clicklist Associate (Full-time)
The Kroger Co., Southlake, TX *Sept. 2017 - Dec. 2019*

Retrieved and processed time-sensitive orders for customers.

Content Specialist (Part-time; remote contract)
Paradigm Accelerated Curriculum, Zephyr, TX *Aug. 2015 - May 2018*

Formatted and edited commercial print materials, refining content from an unpolished to finalized state ready for consumer use. Responsible for the composition of four educational textbooks sold by multiple online retailers using Adobe InDesign.
